GREAT OCEAN RACE.

Atlantic Yacht Club's Ocean Course.

Will Sail from Shelter
Island to Sea Gate,
Coney Island Point.

NEARLY 140 MILES.

Fleet Will Start on Their Long
Journey on July
10.

From present indications the annual cruise of the Atlantic Yacht Club promises to be the aquatic feature of the month and in importance only to the first long haul between the Columbia and Defender, which is scheduled for July 6. As an additional attraction to the usual squadron runs from port to port between Larchmont and New London, with their accompaniment of booming cannon, fireworks and pretty girls, the larger yachts will compete in an ocean race around the south shore of Long Island from Shelter Island to Sea Gate.

This is the first ocean race that has been sailed under the auspices of the Atlantic Yacht Club, and the first of its kind since the victory of the Fanita, owned at that time by George J. Gould, over a cutter of the plant on edge type several years ago.

The ocean race is scheduled to begin on July 10, and the sailing directions are as follows: The preparatory signal being given at noon:

From a starting line between the channel buoy of Ram's Head and the committee boat anchored to the eastward of same, crossing such line from the northward; thence to and around Montauk Point, leaving such buoy on northern end of Gardiner's Island and bell buoy north of Montauk on the starboard hand; thence the steady hook lighted buoy thence to Sea Gate; leaving beacon on the Komer Shoal and the South Channel buoy on the starboard hand; thence to the finishing line, passing between the club house dock and the committee boat anchored northwesterly therefrom. Distance, 138 miles.

Should the yachts not reach the finishing line, they will be considered as having failed. The committee boat will display two red lights, one above the other. The signal to start will be given at 10 o'clock. Yachts on passing the committee boat will show the club mast signal—red, green, red.

FAST WHEELING
AT PATCHOGUE.

Ladue and N. Y. A. C.
Riders Win Honors at
L. A. W. Meet.

Patchogue, L. I., July 1.—W. A. Ladue was the star performer at the annual meeting of the State Division of the L. A. W. at Patchogue yesterday afternoon. The Gold Spring cyclist captured both the quarter-mile and one-mile club championships. In both events he was closely pressed by the crack of the New York Athletic Club. The latter won the five-mile team race in commanding style. They had their competitors at the Patchogue and Nassau wheelmen ridden to a standstill before the third mile. This was the event of the day.

Walter G. Douglas, of the New York Athletic Club, the ex-champion swimmer, signalled his reappearance on the cycle track by taking second place in the two-mile handicap. Douglas gave a remarkable exhibition of pluck. He rode in several races with a sprained ankle. A lanky individual by the name of Sparadocci won both the one and two mile handspins cleverly. The racetrack was remarkably clean, there being but two falls and no claim of fouls.

Michael H. Donovan, the heel and toe artist from Albany, walked a 320-yard exhibition in 38.5 seconds. This is a new world's record for the distance. The former figures were 1 minute 15 seconds, held by F. P. Murray, the old-time amateur. The distance was carefully remeasured, and the officials will certify that Donovan walked the distance in the time stated. About 100 persons attended the meeting. The size of the crowd proved a disappointment to the officials. The three days' festivities of the State Division were brought to a close by a parade in the evening. The parade was in charge of Walter H. Jaycox, the grand marshal, and was reviewed by Isaac B. Potter, the president of the L. A. W. Mr. Potter was also a judge at the parade, at which handsome prizes were given out for the best foot race, etc. There were some friction between the L. A. W. officials over the programme and other matters, and several of them returned to the city without attending the race meet or parade. Summary:

One-third Mile: Novice—Won by J. Redell, Larchmont, second, W. Adams, New York City; third, C. Gardner, Jersey City. Time—44.5 seconds.
